Holmer has collected a little fresh data from two informants ('72).

[94.1c Yagara See 93.3* above. ]

94.1d Ngoera E55 (AIAS E22)

*Ngoera* (AC, AIAS, SAW, O'G, 'RLS'), *Kiabara* (Howitt)

Presumed extinct.

'man' : *dthun* (C:167)

94.1e Waga-Waga Burnett Downs area (NH) (also see 'RLS') E59 (AIAS E28)

*Waga-Waga* (AIAS, PS), *Wakawaka* (O'G, 'RLS'), *Wagawaga* (AC, orig. AIAS), *Wakka Wakka* (NH), *Woka-Woka* (Hall), *Biloela* (dialect name)

Holmer has gathered a reasonable amount of data in the Cherbourg - Brisbane area and hopes to be able to give a fairly full description of the language.

'man' : *mean* (C:159); *dthan, maree* (C:165)

94.1f* Wuli-Wuli * Dawson area (NH); Hawkwood Station, south of Mundubeera (Hall)

*Wuli-Wuli* (Hall, NH), *Wulili* (incorrectly spelt & listed in 'RLS' under *Waga-Waga*, 94.1e.)

Hall (1970) and Holmer (1972) have gathered some remnants. The latter states it is preferable to consider *Wuli-Wuli* as an independent language, parallel to *Waga-Waga* within this group of languages.

'man' : *murrun* (Hall)

94.1g* (97.7) Barunggama D7 (AIAS D40)

*Barunggama* (AC, SAW, AIAS), *Barunggam* (O'G, 'RLS'), *Barranggam* (NH), *Parrungoom* (Barlow)

Oates, L. 1975. The 1973 supplement to a revised linguistic survery of Australia. Armidale: Christian Book Centre
