Yanda (AIAS), *Janda* (AC, O'G, 'RLS', orig. AIAS)

There is very little data available - a brief vocabulary in Curr by Eglinton (not 'Eglington' as in 'RLS'), several brief references in Roth (who believed it was related to *Bidha-Bidha*, and its listing in Davidson's ethnic map of Australia (1938) and Tindale's tribal map (1940).
