96. c. Kingkel Subgroup

Roth's 200 word vocabularies in "Reports of the Aborigines of Queensland" in Ka-run-ba-ra (which he says is a subtribe of Warrabal - another name for Darambal?), Wa-pa-ba-ra, Ta-rumbal and Ra-ki-wa-ra need clarifying. They are, with Wurm's material and a little Holmer salvaged, all we have of this subgroup.
