

- 48.1a* Wunambal* North of Prince Regent K21 (AIAS K22)
 River, along Roe River,
 Moran River and Mitchell
 River eastward as far as
 King Edward River and
 inland to Mt. Bradshaw and
 Mt. Hann (V)

Wunambal (AC, AIAS, SAW, O'G, 'RLS', Love), *Unambal*
 (Hernandez); *Jeidji* (8Kr. 'RLS', means "talk, speech")

Vaszolyi is making a major study; he has a word list of 4,000 words with illustrations embedded in sentences and taped, an outline phonology and grammar, syntax and a sizeable corpus of myths and narratives. The language is still viable with at least 200 speakers, most of whom speak *Wunambal* as a second language; those who speak it as a first language seem much smaller. It has been stated that most of the 500+ people from the recently closed Forrest River Mission speak *Wunambal* (though Capell queries this information). About 20 elderly people at Kalumburu Mission identify themselves as "proper" *Wunambal* from the Prince Regent - Mitchell River area. (V)
 There are at least 8 - 10 speakers at the Mowanjum Mission (1973-4 figures) and well over a score of *Wurora* and *Ngarinjin* people speak it as a second language.

- 48.1b* Gunin * Lower reaches and E. of K7 (AIAS K41)
 (48.3b) King Edward R.; lower
 Drysdale R. including
 estuary; Barton R. up to
 King George's R. (this
 area is termed in
Wunambal, *bember*, 'Gwini
 country' - see note under
 5Kr. *Bemba*); also shores
 of Napier Broome Bay (V)

Gunan (AC), *Guna* (?), *Gunin* (SIL, Lucich, AIAS, V),
Kunan (Taylor), *Pela* (Craig) *Gwini* (AC, APE, AIAS,
 O'G, 'RLS'), *Kwini* (Love), *Kwiini* (Taylor), *Kuini*
 (Perez), *Cuini* (?)

Vaszolyi describes *Gunin* as a language/dialect closely related to *Wunambal*, *Miwa* and *Gambera* (these four probably are dialects of the same language).
